2007 - NOTICE TO SHIPPING #4

MAISONNEUVE REGION
MONTREAL/LAKE ONTARIO SECTION

INSTALLATION OF GATE N° 4 – LOWER BEAUHARNOIS LOCK

On June 12, 2007, the VM/S Hercules will go below Côte Ste Catherine lock to recuperate gate n° 4 and this operation will require a 3-hour navigation suspension. On June 13, 2007, gate will be re-installed at lower Beauharnois lock (lock 3) and a 6-hour navigation suspension will be necessary for the installation. If weather is not favourable, the installation will be postponed.

Due to the crane VM/S Hercules being in operation, a special procedure will apply at St-Lambert and Cote Sainte-Catherine locks, as well as at Beauharnois lock, as soon as the crane proceeds upbound, on June 12, 2007. Vessels will be advised of the application of special procedures by the operations centre.

Any change in the schedule of these activities will be announced as soon as information is available.
