**2007 - NOTICE TO SHIPPING #7**

MAISONNEUVE REGION  
MONTREAL/LAKE ONTARIO SECTION

**This notice cancels and replaces Notice to Shipping N° 4, issued on May 28, 2007**

**INSTALLATION OF GATE N° 4 – LOWER BEAUHARNOIS LOCK**

On June 12, 2007, the VM/S Hercules will proceed to the lower Côte Ste Catherine lock wall to recover Beauharnois gate n° 4 which was removed last year. This operation will require a 3-hour suspension to navigation.

On June 13, 2007, the gate will be reinstalled at Beauharnois lock 3 and will require an 8-hour suspension to navigation, scheduled to begin by mid-morning on this date. If weather conditions are not favourable, the installation will be postponed.

Due to the VM/S Hercules crane being in operation, a special procedure will be in effect at the St-Lambert and Cote Sainte-Catherine locks, as soon as the crane proceeds upbound, on June 12, 2007. Vessels will be notified by the operations centre when these special procedures will be in effect.

Any change in the schedule of these activities will be announced as soon as information is available.
