2010 – Notice to Shipping N° 5

MAISONNEUVE REGION

MONTREAL / LAKE ONTARIO SECTION

Marine Security Exercise

On April 29, 2010, from 07:00 am to 23:59 pm, the Maisonneuve Region of the St-Lawrence Seaway Management Corporation will put in place its marine security measures to simulate an increase to the marine security level MARSEC 2. This exercise is required under the Marine Transportation Security Regulations.

This exercise will upgrade our procedures for identity, vehicle and ship stores verification as well as access control and monitoring at our structures.

It is important to note that during this period of time, interfaces (deliveries/pick-ups, embarking/disembarking, visits to ships) will only be permitted at St-Lambert (n° 1) and Upper Beauharnois (n° 4) locks only.

It is also important to note that declarations of security will have to be completed and in the possession of our operations centre before the above mentioned interfaces.

Certified ships are invited to proceed with a marine security drill or exercise in parallel, if they desire.
