2012 – Notice to Shipping #6

MAISONNEUVE REGION

MONTRÉAL / LAKE ONTARIO SECTION

Water Levels on Lake St-Louis

Mariners are advised that the water levels on Lake St-Louis continue to decrease due to below normal supplies from Lake Ontario and particularly from the Ottawa River. Please note that the speed limit between buoys A30 and A40 are reduced as follows:

- Vessels with a draft greater than 70 dm are limited to 11 knots upbound and 13 knots downbound.

For vessels with a draft of 70 dm or less, the speed limit remains limited to 12 knots upbound and 14 knots downbound respectively.

We will continue to monitor the water levels and advise you of any other changes.
