SEAWAY NOTICE NO.8 – 2013

**Vessels Transits with Draft Information System**

Mariners are reminded that vessels equipped with a certified Draft Information System (DIS) and meeting all requirements set out in the Seaway Handbook, including the update of high-resolution charts, are eligible to transit at a draft of 3" (7 cm) greater than the Seaway's published maximum permissible draft.

The complete list of high resolution charts is available at:
