SEAWAY NOTICE NO. 12 - 2019

**Embarking / Disembarking at Seaway Locks**

Mariners are reminded of the importance of safe working practices when embarking or disembarking of persons at Seaway locks. This should only be carried out when the ship is alongside the lock wall and completely stopped. The use of ship's portable gangways and/or shore side portable gangways shall be used when embarking or disembarking and a member of the ship's crew must be present to assist. At no time should anyone attempt to embark or disembark to or from the ship without the use of a portable gangway and assistance from the ship's crew.
