2017 – Pleasure Craft Bulletin #5

MAISONNEUVE REGION

MONTRÉAL / LAKE ONTARIO SECTION

Decreased Outflows – Montreal Lake Ontario Section

Pleasure craft operators are advised that the International Lake Ontario St. Lawrence River Board has decreased the outflow from Lake Ontario from 10,400 cubic metres per second (cms) to 9,910 cms today, August 8th at 00:01.

As this new outflow is still high, pleasure craft operators are asked to exercise caution as velocities may be higher than normal in the navigation channels and variations in the normal current patterns may occur.
