2018 – Pleasure Craft Bulletin #4

MAISONNEUVE REGION

MONTRÉAL / LAKE ONTARIO SECTION

**Temporary Decreased Outflows – Montreal Lake Ontario Section**

Please be advised that the International Lake Ontario St. Lawrence River Board will temporarily decrease the outflows through the Moses-Saunders Dam the first two weekends of October to assist the residents of Lake St. Lawrence in removing their boats and other equipment. The decrease in outflow will temporarily increase Lake St. Lawrence water levels. Areas immediately upstream of the dam will see the greatest impact with a very negligible increase noticeable beyond Prescott/Ogdensburg.

The periods of reduced outflows are as follows:  
**7pm on October 5<sup>th</sup> through 4pm on October 7<sup>th</sup>**  
**7pm on October 12<sup>th</sup> through 4pm on October 14<sup>th</sup>**

We wish you success in your haul out efforts and please work safely in and around the water.
