Installation of a sector light on the Upper Beauharnois front range

We wish to inform mariners that a sector light has been installed on the Upper Beauharnois front range (N° 33 of the Coast Guard list of lights).

This sector light was installed for the construction period of a pillar of the Highway 30 bridge.

The rear range will be hidden partially or totally during the construction period and partially at the end of the construction.

Note that the rear range light will remain in operation to permit its use as long as possible.
