MAISONNEUVE REGION
MONTRÉAL / LAKE ONTARIO SECTION

Vessel Self Spotting Systems – Canadian deep locks from Montreal to Lake Ontario

Mariners are advised that beginning the first week of November, 2010, the self-spotting system will be utilized for qualified vessels in the Canadian deep locks from Montreal to Lake Ontario. The lock operators will continue to provide the final mooring position via radio communication on initial contact and, if qualified, the captain/pilot will be invited to rely on the vessel self spotting system for position information. For non-qualified vessels, verbal instructions via radio will be provided as per established procedures.
