2012 - Notice to Shipping #15

MAISONNEUVE REGION  
MONTRÉAL / LAKE ONTARIO SECTION

**Low Water Levels below St. Lambert Lock**

Mariners are advised that due to low water supplies and consequently the low and declining river outflows, water levels below St. Lambert Lock and particularly below Jacques-Cartier Bridge are approaching alert levels. Vessels loaded to a draft of 78.5 dm or greater are to transit the 100 meters immediately below (north) of Jacques-Cartier Bridge (see schematics below) at the slowest safe speed. Conditions will continue to be monitored closely and mariners will be advised of any changes accordingly.

July 17, 2012
