2013 – Notice to Shipping #35

MAISONNEUVE REGION

MONTRÉAL / LAKE ONTARIO SECTION

Water Levels on Lake St. Louis

Mariners are advised that the water levels on Lake St. Louis have improved significantly over the past few weeks due to the temporary increase in outflow from Lake Ontario. For this reason, the speed restrictions outlined in Notices to Shipping #24 and #33 of 2013, Montreal/Lake Ontario section, are no longer in effect.

Once the outflow returns to normal and depending on the water levels, the speed restrictions may be re-instated. We will continue to monitor the conditions and advise you accordingly.
