## SEAWAY NOTICE NO. 18 - 2019

### **Revised Transit Requirements under High Flow Conditions**

This notice supersedes Seaway Notice No. 15 issued August 28, 2019.

Mariners are advised that the following transit requirements are in effect until further notice:

- All Tall Ships and Tows (Tug/Barge) transiting the Montreal to Lake Ontario section of the Seaway shall be capable of making a minimum of 8 knots through the water.
- No transits of Dead Ship tows will be permitted.
- Ships unable to transit safely at these flows may be subject to additional transit restriction(s).

Mariners will be advised when the above restrictions will be lifted.
