Linehandler training at MLO locks – additional day

An additional day of linehandler training is required at St-Lambert and Côte Ste-Catherine Locks. As a result, Mariners are advised that they will also need to deploy their mooring lines at St-Lambert and Côte Ste-Catherine locks during the day, Friday August 21st even if their ship is deemed compatible with HFM. We will be staffing our locks to conduct linehandler training and we ask for your cooperation during this time.

The training schedule, outlined in Notice to Shipping no 32 has therefore been revised as follows:

St-Lambert and Côte Ste-Catherine locks:

August 17th , 18th and 21st from 08:00 am to 05:00 pm unless informed otherwise at CIP 2 for upbound vessels and departing Beauharnois lock 3 for downbound vessels

Beauharnois locks:

August 19th and 20th from 08:00 am to 05:00 pm unless informed otherwise departing Côte St-Catherine lock for upbound vessels and CIP 6 for downbound vessels.

This may be subject to change depending on weather.
