

The Great Lakes - St. Lawrence Seaway System
Le réseau Grands Lacs - Voie maritime du Saint-Laurent

SEAWAY NOTICE NO. 13 – 2021

SCREENING AND ACCESS TO CANADIAN LOCKS

Screening measures are being implemented to protect the SLSMC worksite from a risk of infection. Mariners are advised that:

- The SLSMC has implemented screening measures for entering the locks via access gates and for crew members disembarking ships at the locks.
- Crew members or chandlers may be refused access to the lock should they not meet the screening criteria.
- Crew members that are showing symptoms will not be permitted to disembark at the locks.

Note: ships are reminded that they should have their own protective screening measures in place for any interface and not rely on those of the SLSMC.
