SEAWAY NOTICE NO. 16 - 2022

MAXIMUM PERMISSIBLE DRAFT- MONTREAL TO LAKE ONTARIO

Mariners are advised that effective April 1, 2022 and until further notice, the **maximum permissible draft in the Montreal-Lake Ontario section will be 80.8 dm (26'-6") for all vessels.**

The **maximum permissible draft will remain at 80.8 dm (26'-6") for the Welland Canal for all vessels.**

Vessels equipped with an approved and operational Draft Information System will be permitted to transit at a draft of up to 7cm above the maximum allowable draft, at their own discretion.

Conditions will continue to be monitored closely and mariners will be promptly advised of any changes.
