2025 - NOTICE TO SHIPPING # 13

NIAGARA REGION  
WELLAND CANAL

**Bridge 11 and Bridge 21 – Maximum Wind Speed**

Following an inspection of the bridges in the Welland Canal, the maximum wind speed for safe operations of Bridge 11 and Bridge 21 has been temporarily lowered to 30 knots until engineering work on the bridges is completed.

During high wind events, the Seaway Operations Control Centre will monitor wind conditions closely and advise, as soon as possible, any necessary actions for ships still in transit in the area.

Your cooperation in this matter is greatly appreciated.
