Temporary Increase of Lake Ontario Outflows

In order to temporarily raise the water level of Lake St. Louis, outflows from Lake Ontario will be increased by 500 m³/s from 07:00 on Friday, 17 October 2025, to 19:00 on Saturday, 18 October 2025. This increase is intended to facilitate the removal of recreational boats. Flows and currents will temporarily increase, but the impact on navigation will be minimal. Live flow and current information are available via this [link](#).
