St. Lawrence Seaway Launches Passage+, the Official Seaway Bridge App to Help Travellers Plan Ahead

Cornwall, Ontario – The St. Lawrence Seaway Management Corporation (SLSMC) is pleased to announce the launch of Passage+, the official mobile app for St. Lawrence Seaway bridge information.

Available free for Apple and Android devices, Passage+ helps residents, commuters, businesses and visitors better plan their travel through Seaway communities by providing current bridge status, expected bridge lift times, vessel activity and official bridge information from the SLSMC.

Key features include:

- Current bridge status
- Expected bridge lift times to help travellers plan ahead
- Vessel activity near Seaway bridges
- Interactive map of Seaway bridge locations
- Bilingual interface with English and French language options
- Free download for Apple and Android devices

"Every day, thousands of people rely on Seaway bridges to get to work, school, appointments, businesses and recreational activities," said Serge Auclair, Vice President, Commercial and External Relations. "Passage+ gives travellers better visibility into expected bridge lift times, helping them make informed travel decisions and better plan their day. It's another way we're improving the experience for the communities we serve."

Passage+ is available now as a free download from the Apple App Store and Google Play.

For more information, to download Passage+, or to view frequently asked questions, visit the Bridge Status page of the Seaway website: [Bridge Status - Great Lakes St. Lawrence Seaway System](#).

About the St. Lawrence Seaway Management Corporation

The St. Lawrence Seaway Management Corporation, on behalf of the Government of Canada, manages the Canadian portion of the waterway system and its associated lands. The binational St. Lawrence Seaway system serves as a key trade corridor and vital supply chain link - connecting Canada and the Great Lakes region to global markets.
